1. ACTSA OBJECTIVES

ACTSA aims to provide continuing opportunities for the exchange of knowledge and information between corporate treasurers and industry experts, and promote an ongoing interaction between its members.

ACTSA is a non-profit company operated by practicing treasury professionals. Accordingly, any sponsorship of ACTSA will be directed to the ongoing education of treasurers and the enhancement of the profile of this crucial profession in the interests of the global competitiveness of Corporate South Africa.

ACTSA, established in 1988, is the premier treasury association in South Africa and has contributed to raising the profile and enhancing the treasury profession through various activities - e.g.: development of the Charter of Best Practice in Treasury Management and providing input on the development of the Corporate Paper market. Education of treasurers is achieved through workshops, seminars, conferences and its flagship publication:

The Southern African Treasurer. We also hope to raise the profile of the Treasurer through our newly launched E-learning course through the University of Free State (UFS).

It is now time for a quantum leap for ACTSA to have the resources to contribute even more to the Treasury field. To do this, ACTSA requires support from corporations to facilitate its work in South and Southern Africa. Treasury is critical, in both the private and public sector, to the success of the economy.
